

AlgaeHealth Announces Successful NDI Petition with US FDA for AstaZine® Natural Astaxanthin

Irvine California, April 6, 2016 – Algae Health Sciences, Inc. ([AlgaeHealth](#)), a subsidiary of [BGG](#), announced today that it has successfully petitioned the US FDA with a New Dietary Ingredients notification (NDI) for its flagship product AstaZine® Natural Astaxanthin.

“We are happy to have received a letter of acknowledgement without objection from FDA for our flagship product, AstaZine® Natural Astaxanthin, which is derived from microalgae that we carefully cultivate in fully closed glass tube photobioreactors (PBRs) free from contamination,” said Joe Huff, CEO of AlgaeHealth’s US-based operation. *“Although we are not the first company to receive an NDI notification for Natural Astaxanthin, this NDI reinforces our commitment to provide the supplement industry with high quality ingredients that you can trust.”*

[AlgaeHealth](#) produces AstaZine® in a variety of forms including Organic Certified *Haematococcus pluvialis* microalgae powder; 5%, 10% and 20% oleoresin; 2% water soluble powder; 2.0% and 2.5% microencapsulated beadlets.
